October 16, 2018

Dear Patients & Parents,

We are proud to announce that we have become a UCSF Affiliate! This new designation means we will continue as an independent medical practice while also becoming integrated into the UCSF network, thereby benefiting from the institution's resources, expertise, and technology.

As part of this change, we will be transitioning to an electronic medical record called Epic, and our rates will increase to the same as other UCSF practices. We will also be able to provide more seamless referrals to UCSF specialists, ensuring that our patients and families can get the best possible care that the UCSF network has to offer.

Of note, many other practices will become UCSF Affiliates over the next 2 years, including Marin General Hospital, Prima Medical Foundation, and the Marin Healthcare Practices.

This is an exciting time for Terra Linda Pediatrics. We look forward to continuing to provide high-quality and individualized care to you and your family, now with the support of an excellent and secure electronic record system and increased access to one of the best medical networks in the country. We are confident that you will find that this change increases the transparency of the healthcare process and ultimately improves your satisfaction with your child's care.

Thank you for your attention,

Michael Yamaguchi, M.D.

Ann Troy, M.D.

Catie Straut, MSN, BSN, RN, C-PNP
